

**Home**

9-11 DECEMBER 2025, SINGAPORE

Thank you for being part of the **1st Asian Conference on Innovative Therapies for Diabetes Management** in Singapore, on **18-20 November 2024**, our quest to create a brighter future for diabetes care across the region. Our conference was dedicated to fostering a community where experts could come together to share knowledge, insights, and a genuine passion for transforming lives.

We're all about customizing strategies for diabetes management that truly resonate with the unique needs of patients in Asia. Our lineup of speakers and sessions was inspiring, enlightening, and empowering. We're delighted we were able to create a space where ideas could flourish, connections could be made, and meaningful change could take root.

ATTD-ASIA is not just a conference, but a community of like-minded individuals committed to creating a brighter future for patients.
