# CME-CPD Information

# ACCREDITATION STATEMENT AND CREDIT DESIGNATION

### To Receive Your CME/CPD Certificate

The CME/CPD certificate will be available after completing the online evaluation and credit-claiming procedure. The process takes about 5 minutes. We thank you for your feedback as it is an important part of CME/CPD accreditation and helps improve future educational offerings.

#### Before February 20, 2025:

- 1. Login to the <u>ATTD Education Portal</u> or <u>register</u> first if you don't have an account.\*
- \* register using the same email address as your ATTD Conference registration.
- \* make sure to select "Diabetes" as your main field of interest.
- 2. Once logged in, go to "Online Learning", and click on the CME/CPD certificate banner on the landing page.
- 3. Complete the anonymous online evaluation.
- 4. Complete the credit claim form and submit it.
- 5. The CME/CPD certificate will be available for download; retain it for your personal records.

For any questions or concerns, please contact us at: <a href="hello@unlok-education.com">hello@unlok-education.com</a>

## European Accreditation Council for

# Continuing Medical Education (UEMS/EACCME)

The 1st Asian Conference on Innovative Therapies for Diabetes Management, Singapore, Singapore 18/11/2024 — 20/11/2024, has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 10.5 European CME credits (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

## American Medical Association (AMA)

Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of *AMA PRA Category 1 Credits*™. Information on the process to convert EACCME credit to AMA credit can be found at <a href="https://www.ama-assn.org/education/ama-pra-credit-system/agreement-european-union-medical-specialties-uems">https://www.ama-assn.org/education/ama-pra-credit-system/agreement-european-union-medical-specialties-uems</a>

# Royal College of Physicians and Surgeons of Canada

Live educational activities, occurring outside of Canada, recognized by the UEMS-EACCME for ECMEC credits are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada. For more information,

visit: http://www.royalcollege.ca/rcsite/cpd/providers/interna
tional-accreditation-agreements-e

### Singapore Medical Council (SMC)

To claim Cat 1C (Overseas Events) credits, Singaporean doctors registered with the Singapore Medical Council (SMC) must log in to the SMC online portal using their Singpass. Once logged in, they should submit a self-claim for the ATTD-ASIA 2024 Congress under the Cat 1C (Overseas Events) category. Doctors need to attach relevant supporting documents, such as the congress program and their Certificate of Attendance/Participation. Additionally, in the "Additional Remarks" field, they should provide the name of the overseas accreditation body (EACCME), that accredited the event.

Each claim will undergo review, and the doctors will receive an email notification once their claim has been processed.

#### Credit Breakdown

Each participant should claim only those hours of credit that he/she actually spent in the educational activity.

Day	Maximum Credits
18/11/2024	2.0
19/11/2024	5.0
20/11/2024	3.5
Total Credits:	10.5

### **Educational Objectives**

After participating in this educational event, learners should be able to:

- Address individual needs in compliance with their Continuous Professional Development (CPD) plan.
- Discuss the latest advancements in AI-based decision support systems in diabetes care.
- Review the clinical applications and future potential of continuous glucose sensors and closed-loop systems.

- Exchange knowledge on the integration of novel medications into diabetes management protocols.
- Review the role of advanced technology in improving patient outcomes for individuals living with diabetes.
- Discuss case studies demonstrating the real-world effectiveness of innovative diabetes therapies.
- Exchange perspectives on the regulatory challenges and opportunities in adopting new technologies for diabetes care.

### Target Audience

ATTD-Asia 2024 is the global meeting place for physicians, researchers, and scientists in the fields of endocrinology, pediatrics, and family medicine. Because of the diverse, clinically focused educational offering, participants can tailor the curriculum to meet the needs of international clinicians of all levels of experience.

# Disclosure and Resolution of Personal Conflicts of Interest

In accordance with CME/CPD accreditation criteria and standards for commercial support to ensure balance, independence, objectivity, and scientific rigor, those in control of the educational content must disclose potential or actual conflicts of interest. Disclosure information is evaluated and conflicts of interest are resolved. Disclosure is made to participants prior to the activity. Participants will be asked to assess the objectivity and independence of the event during the evaluation.

• View disclosure information here.

## **Industry Support Disclosure**

This event is supported, in part, by funding from industry. All support is managed in strict accordance with CME/CPD

accreditation criteria and standards for commercial support. Appropriate acknowledgment of all supporting organizations is made in the program guide, on the event website, and with signage during the event.
